**CONNECTING PARENTS, TEACHERS, CLINICIANS, AUTISTIC  
ADULTS, MEDICAL PROFESSIONALS, AND FAMILY MEMBERS.**

Chattanooga  
Autism Center

# ABOUT THE CONFERENCE

## Mission

- Educate parents and others about autism and neurodiversity.
- Present latest research on empirically-based interventions.
- Advance skills of educators/clinicians.
- Help connect parents, clinicians, educators, and autistic adults.
- Showcase autism-related service providers. Help them connect with attendees and collaborate with other organizations in our region.

## Workshops

The conference will have around 20 different workshops. Topics range from parenting strategies, research findings, behavior management, medical issues, teaching strategies, transitions, support systems, preparing for school or life after school, employment issues, and more.

## Audience

Up to 700 individuals have attended in previous years. Most were families who have an autistic child or relative. Others included about 200 educators, and dozens of clinicians, autistic adults, and service providers. Last year, we debuted our early-childhood track and had over 100 Head Start staff in attendance.

## Exhibitors

Approximately 70 autism-related organizations will have tables in an exhibitor room which attendees can visit before the conference starts, between workshops, during lunch, or during workshops. People make connections and find new resources among all these great vendors.
